F. Reports from Subcommittees.

1. Radiation Safety Committee

The Annual compliance report was also accepted. One of the findings in the document is the documentation of the

Radiation Safety Committee are to be reviewed to determine the Chair of the committee.

The leak test for one above 50 MBq source was performed and sent to Cancer Care Manitoba. The result is below the CNSC level and it is safe to use.

2. Laboratory Safety Committee

The inspection of university research labs have been scheduled in the last two weeks of April. Labs will be inspected by Sonita and lab safety or health and safety committee member if available.

It was noted that the Terms of Reference for the Radiation

3. Safety Incident Report

Safety incident reports included symptoms regarding air. It was decided that an air can be reviewed. It was suggested that Elhadda provide details on the incidents and actions taken for the next meeting.

Elhadda will prepare a report with more details.

4. Fire Safety Report

Major fire alarm reported that Fire Warden training is scheduled for the

Safe Office on May 28th organized by CNIB. All fire

He also reported that this year there had been eight false alarms, two actual alarms, and seven non-urgent alarms.

Ethelinda reported that vaccinations would be done through the WDHHA.

Re the respirator protection program, training has been completed. It was noted that no one who is not clean

2. Confined Space Entry

The Confined Space Entry Program has been completed

2. Fall Protection
